Re: Unity Broadcasting LLC (UBL)  
WNTF(AM), Bithlo, FL  
Facility Identification Number: 14556  
Special Temporary Authority (STA)  
BESTA-20200401AAE

Dear Ms. Persuad:

This is in reference to the request filed on April 1, 2020. UBL requests a final extension of the STA granted on June 2, 2016, to operate ND day with reduced power to allow time to file the required FCC Form 302 application to cover the construction permit BP-20190827AAC.<sup>1</sup> In support of the request, we noted that UBL will require additional time to file the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and UBL may continue to operate daytime only using tower #3 with a maximum of 2.5 kW. UBL must use whatever means are necessary to protect workers and the public from exposure to radio

---

<sup>1</sup> WNTF(AM) is licensed for 10 kW daytime only DA operation on 1580 kHz, and BP-20190827AAC authorizes use of one of the existing towers with 4.7 kW (day) and 0.01 kW (night).

frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. UBL must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **October 22, 2020**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large loop for the "J" and a long, sweeping underline for the "Szczesny" part.

Joseph Szczesny, Engineer
